

Inclusive Program Overviews & Panel

This virtual session will provide an overview of inclusion in practice from those in the field.

You will have the opportunity to hear from a panel of professionals including Education Specialists, Service Providers, Administrators, and others. Please join us for this opportunity to address questions you may have regarding inclusive practices, building inclusive programs, providing related services in inclusive settings, and more! Our team of specialists is excited to hear from you and provide resources, strategies, and models directly from the field!
